Dear George,

As soon as I heard the Donovan news on the radio yesterday I was sure that you'd go from B'ham to NYC, as this a.m.'s confirms, so, after getting a copy of Burnham's Sunday piece I wrote him. Enclosed.

These are some of the things I had in mind when I phoned.

I thought that in particular you could have some fun with the affidavit and the CIA's claims that what was in the Post and Jack Anderson was "national security" and exempt.

Years after disclosure to Borosages.

And maybe some fun with how it informs, if I may use the word, decision makers.

Jim has a copy of the affidavit and you can get it faster from him if you want it. I'm running short on time if I'm to make the mail or I'd enclose a copy.

Best wishes,

Harold
